### **TO WHOMSOEVER IT MAY CONCERN**

I am pleased to give this testimonial to **Dr S Malarvannan** who is working as Senior Scientist at M S Swaminathan Research Foundation, Chennai. I know him for the past twenty-five years (1994-1996 and 1998-2021) as a professional researcher and active extension worker. I could visualize his thirst to learn new techniques, meticulous efforts to understand the concepts and was able to combine theoretical as well as practical skills in a unique way, particularly for the grassroot institutions.

The curiosity to blend traditional knowledge with frontier science was his core strength. He was quick in grasping the things and was able to work independently without any difficulty. He is very good in training and capacity building and has excellent communication skills including writing and translation.

Another strength of Dr Malarvannan is proposal writing and publications. I strongly recommend him for a suitable position in your Institution and wish him an impeccable future.
